A first impression

This spacious and stylish 3-room apartment with a living space of approx. 88 m² is located in a modern apartment building that was built in 2001. The property is in mint condition and has luxurious furnishings. Particularly impressive is the floor-to-ceiling glass front of the apartment, which offers an unobstructed panoramic view to the south/west side. The open Eggersmann designer kitchen from 2021 is equipped with Italian marble and high-quality Bora Bora hobs (induction) as well as a digital rapid heating function oven from ZUG in Switzerland. The kitchen also has an integrated dishwasher and a refrigerator from Siemens. In the living area there is a 2-in-1 infrared sauna from Thermalux, which was installed in 2021 as a custom-made product with black aspen wood from Lithuania. The high ceilings of approx. 2.75 m and the full glazing to the south/west side offer an unrestricted panoramic view over the green areas and the sports park. The large fixed glazing gives the apartment a modern and elegant ambience. All glazing to the south/west side has electrically operated external blinds, which were renewed in October 2023. In addition, there are electric Bandalux interior blinds in every room facing north/east, which can be controlled individually. The premium oak parquet flooring from Hinterseer Berlin was laid in March 2024. The bathroom - completely renovated in 2021 - boasts a free-standing bathtub, a walk-in shower with a dynamo-powered LED shower head from Canada and Italian marble. Black fittings from MOAB ensure an elegant design. The north/east-facing bedroom has an inverter air conditioning system with heating and silent function. The underfloor heating with digital Honeywell thermostats and the black glass-aluminum doors from Metalworxx from the Netherlands with magnetic lock and safety glass round off your living comfort. The apartment is also equipped with Italian lighting fixtures from Luceplan and Learis. A Somfy wireless music system allows individual control in each room. A digital door intercom system with video function provides additional security. Additional furnishings can optionally be taken over for an additional fee. An underground parking space for one car, a bicycle storage room and a communal garden complete the offer. The apartment is heated by a gas central heating system with hot water preparation - the boiler was replaced in 2020. The house fee is set at EUR 478.00 per month (incl. EUR 62.50 maintenance reserve). Sufficient reserves are available. The apartment offers an exclusive and comfortable living ambience in an attractive location.
